SUMMARY

Product leader with 9 years of experience building healthcare technology products, leading cross-functional engineering teams, and shipping data-intensive platforms.

EXPERIENCE

Meridian Health Analytics Jan 2020 - Present

Senior Product Manager

- Managed product roadmap for the payment integrity audit platform used by 40 health plan clients.
- Led roadmap and architecture decisions across 4 engineering teams for the claims audit platform.
- Worked on migration of the audit platform to AWS, reducing processing time from more than 20 hours to single-digit hours.
- Built Python/FastAPI APIs for healthcare data workflows with the data engineering team.
- Partnered with sales and executive stakeholders to define the 2023 product strategy.

Brightline Software Jun 2016 - Dec 2019

Product Manager

- Launched a self-service reporting module adopted by 1,200 customers in the first year.
- Ran customer discovery interviews with 30 hospital administrators to prioritize features.
- Wrote product requirements and user stories for a team of 8 engineers.

SKILLS

Product Strategy, Roadmapping, SQL, Python, AWS, Jira, A/B Testing, Healthcare Claims
